W. F. LINEBERGER IS EASY WINNER

CARRIES PRACTICALLY EVERY SECTION OF DISTRICT IN CONGRESS ELECTION

GLENDALE ASSISTS

THIS CITY GIVES ITS SUPPORT TO REPUBLICANS; STATEMENT IS MADE BY VICTOR

BULLETIN

Major Lineberger's plurality in the vote for congressman from the ninth district at yesterday's special election grew today as returns poured into the office of Registrar of Voters Lyons.

With 458 precincts heard from out of 684, Major Lineberger led his nearest opponent, Congressman Randall, by more than 9,000 votes. The vote was:

Lineberger, 27,213.
Randall, 17,895.
Hamilton, 1,675.

Major Walter F. Lineberger of Long Beach, engineer, business man and former service man, was yesterday elected congressman in the ninth district, which includes the city of Glendale, by a big plurality over C. H. Randall and J. J. Hamilton.

The twenty-two precincts in the city of Glendale gave:

Lineberger 1392
Randall 845
Hamilton 49

Out of twenty-two precincts in the city, Lineberger carried all but three of them.

Lineberger carried a vast majority of the precincts in the district. In fact, he lost only two towns, Monrovia and Altadena, by very small votes. Pasadena gave Lineberger a fine majority, as did Long Beach, his home town. The citrus sections came through strong for him.

The returns of the district show that Lineberger defeated Randall by a larger vote, relatively, than Randall was defeated last November by Charles Van de Water.

The complete result of the Glendale vote was known by 9 o'clock last night and shortly after that time the Randall headquarters admitted defeat through the district.

Good Work Is Done
Election returns were sent into The Evening News office from the twenty-two precincts, as requested by Registrar of Voters Lyons. Bulletins were posted by The Evening News and a large number of telephone calls answered. This paper was also in telephonic communication with the Lineberger headquarters in Los Angeles and received the late news from there as reported from the rest of the district.

The election officers in Glendale did good work in sending in early returns, thus enabling The Evening News to publish the results.

HOLD GATHERING FOR PATRIOTISM

PATRIOTIC SOCIAL IS GIVEN AT CONGREGATIONAL CHURCH BY WELFARE BOARD

SCOUTS TAKE PART

PLEASING PROGRAM PRESENTED INCLUDING BRIEF TALK BY REV. C. M. CALDERWOOD

A patriotic social was held at the First Congregational church, last night, under the auspices of the social welfare committee, Benjamin Robison, Jr., chairman; Mrs. A. S. Chase, Mrs. H. W. Yarrick, Mrs. Harry Bullinger.

The program was opened by the salute to the flag, led by four Eagle scouts—H. B. Robison, acting scout executive, Stillman Chase, Thomas Wood and David Roberts. These are all members of Scout Troop No. 2 of Glendale.

This troop, which meets in the First Congregational church every Friday night, is considered to be the crack scout troop of California, if not of the entire west. It has among its members thirty-six first-class scouts and nine Eagle scouts.

Wins High Praise

Another scout is to be added to the Eagle rank this week, which will make a total of ten Eagles in this troop. When it is remembered that Los Angeles has only three Eagle scouts, and that there are only about 200 with the rank of Eagle in the country, it will be understood why headquarters at Washington sent this troop official congratulations.

After the salute to the flag "America" was sung. The following program was then given:

Piano solo by Mrs. C. H. Pendleton, reading by Miss Doris Packer, vocal solo by Mrs. Hartley Shaw and a short address by Rev. C. M. Calderwood.

Guessing games were then played and refreshments served.

Store Editorial

Never Do We Relax
Our Efforts

The power of an engine de-
pends largely upon the quality
of the fuel and whether or not
the fire under the boiler is kept
steadily burning. Water stops
boiling as the heat gives out. A
fierce start sometimes means a
weak ending.

It pays this store to use the
best kind of fuel in the business
engine and to keep the fires
burning brightly all the blessed
time. To relax in our efforts
means to retreat from the
"firing line." A relaxing of
effort spells loss of public faith
and lessened interest in the
store and its goods. We never
let up in our endeavors to make
shopping at this store both
pleasant and profitable.

ROBINSON BROTHERS TO HAVE
FORMAL OPENING ON NEXT
FRIDAY AND SATURDAY

Arrangements are completed for
the formal opening Thursday, Friday
and Saturday of this week of Robin-
son's Men's Shop, located in the new
Blumenthal building, 116 South
Brand, two doors north of Glendale
Theatre.

The new firm announces it will
deal exclusively in wearing apparel
for men and boys and will handle
thoroughly reliable brands in high
grade and popular price merchandise.
The firm is composed of Robinson
Brothers, both members having had
long experience in these lines.

J. A. Robinson for sixteen years
previous to moving to California,
was owner of two large department
stores in Illinois, and for the past
one and one-half years has been con-
nected with Glendale business insti-
tutions.

Oscar Robinson, for the past
twelve years, has been owner of a
large business in Sawtelle. Both
members of the firm appear to be
five wires and have a wide acquaint-
ance among the trade here which,
their friends predict, will greatly
help in making their business suc-
cess.

SOLD AT AUCTION

JIM JEFFRIES GETS AVERAGE
OF \$808 PER HEAD FOR
SEVENTY PRIZE CATTLE

There seems to be a rage for auc-
tions nowadays and everything in
that line holds the boards from auc-
tion bridge to auctioning bungalows.
And Jim Jeffries, ex-champion prize
fighter, auctioned off a lot of his
prize Holstein cattle, seventy of
them, which bringing an average of
\$808 a head. The highest price paid
was \$4,500 for a famous milker.

Farmers from the central states
who remember when \$75 was consid-
ered a high price to pay at a stock
sale, open their eyes when they read
of such figures being paid for cows.
But many, many things happen these
days that were not dreamed of thirty
or forty years ago, they admit. For
instance, this same Jim Jeffries
transported a prize calf from his
ranch near Burbank to a Los Angeles
stock show in an airplane.

sel with the church there on build-
ing an academy.

Central California Conference visit-

LINEBERGER WINS

EASILY DEFEATS RANDALL IN
CONGRESSIONAL ELECTION
HELD ON TUESDAY

(Continued From Page 1)

News and the registrar of voters to
compile the results satisfactorily.

Thanks Are Expressed

W. E. Evans, president of the Glen-
dale Republican club, today, on be-
half of the club, expressed thanks
for all who aided in this city in the
campaign for Lineberger, especially
those who donated machines and who
worked at the polls.

"The club thanks everyone who
worked in behalf of Major Lineber-
ger," said Mr. Evans. "The club ap-
preciates their support and, of
course, so does the congressman-
elect."

As soon as it was evident he was
elected, Major Lineberger issued a
statement of thanks to all who aided
in his campaign and then gave this
brief outline of his policies:

"I am deeply cognizant of the du-
ties and responsibilities of the im-
portant office to which I have been
elected. As a Republican I shall sup-
port the Republican administration
and work in harmony with my Republi-
can colleagues for the best interests
of the country.

"I fought a clean campaign and
have no sense of bitterness against
those who opposed me.

"I shall represent the entire dis-
trict and everyone in it.

"In regard to the eighteenth
amendment I take the same stand as
that of Mr. Randall and as a dry Re-
publican I shall vote for the strength-
ening and enforcement of the Vol-
stead act.

"I shall co-operate with my col-
leagues in the program of reconstruc-
tion.

Economy in Expenditures

"I am heartily in favor of Presi-
dent-elect Harding's announced pol-
icy of economy in government expen-
ditures.

"I shall stand for restricted immi-
gration until such time as the coun-
try has solved its domestic problems.

"I believe in giving capital and la-
bor a square deal and shall support
all beneficial legislation to that end.

"As a Republican I stand for a tar-
iff that will protect American labor
and industry.

"With reference to compensatory
legislation for service men I shall
first demand the elimination of red
tape which is now retarding relief
work for disabled soldiers and then
urge that the government take
prompt measures to give these men
necessary relief.

"Regarding the Japanese question
I do not think we should allow the
continued immigration of unassim-
ilable races.

"On the question of the Philippine
Islands I am heartily in favor of the
program outlined by the Republican
party."

W. Watson, city manager:

"By the terms of agreement between the city of Glendale and J. R. Gray of 667 W. Doran St., whereby the city will acquire title to park site at northwest corner of Patterson and Kenilworth avenues there was due Mr. Gray on the 5th instant \$2,500 as part payment on purchase price of this park site and \$450 interest. Accordingly we present herewith demand in favor of Mr. Gray in the sum of \$2,950.00. We would recommend that this be paid as follows: \$2,055.45 from special fund accumulated on account of duplicate tax from Kenilworth and Valley View annexation districts and the balance of \$893.55 from the general budget fund."

BERKELEY, Feb. 16—Rats beat students of the University of California in brain tests submitted by the university psychological laboratory recently.

In a 100-foot maze or labyrinth constructed by the psychologists rats solved the combination in ten seconds while the best time made by any student was twenty seconds, according to records given out here recently as result of tests.

To provide an incentive to the rats in finding the secret of the windings a bit of food was placed in the center, and the animals had no trouble in finding the way to it.

To Resume Operation**

ASTORIA, Ore., Feb. 16—Practically every logging camp in the lower Columbia river district has a force of men at work overhauling machinery, repairing tracks and equipment and in some instances extending railroads into the timber, according to word received here.

The only camp cutting timber is the Big Creek Logging company near Knappa. The general plan now is for the majority of camps to resume operations about the first of March, it was declared by logging companies here this week.

**Electrically Driven
Ferryboat Proposed**

SAN FRANCISCO, Feb. 16—San Francisco is soon to have the first electrically driven ferry boats in the world. Plans are now being drawn up by T. W. Dickie, naval architect, for the auto-ferry boats to be put in use by the Golden Gate Ferry company between San Francisco and Sausalito, according to word given out by company officials here.

The boats are to be driven by electric motors, the energy to be furnished by generators driven by oil engines. The company estimates to save \$50,000 annually in expenses by eliminating boiler space and extra labor.

Ross' statistics show that only 58 per cent of the marriageable young women in California are married. And of those married only 157 children were born last year to every 1000 potential mothers. MANY DRIFTING

NOTE OF WARNING IS GIVEN
BY REV. C. M. CRIST IN
SERMON ON SUNDAY

At the First Methodist church Sunday night Rev. C. M. Crist preached to an interested company from Heb. 2:1. The main thought of the sermon was that there was great danger of drifting in the wrong direction as regards the prizes of life.

"Life," said Dr. Crist, "may be likened to a great sea upon whose bosom are the frail barks of our humanity. Life's experiences are suggested by extremes of the weather. There are times when the 'south wind blows softly,' and there are times when the tempest rages. In the times of tranquillity one often feels as though he can get along without God; but in the stress and strain of the storm he calls out for Divine help.

"The only place of safety is that which results from mooring close to the Gospel truths, the dropping of the anchor in the Harbor of Salvation. But how many are drifting! Tossed about spiritually 'by every wind of doctrine.'"

Multitudes Are Drifting
The speaker went on to indicate that never was there greater need of heeding the solemn warning of the text, than today. That the drifting multitudes were out on the treacherous sea that any moment might engulf them. He pointed them to the great harbor where all might enter. "There are none," said Dr. Crist, "who have drifted out of the care of God, should they call upon Him for help. Mary Magdalene the one out of whom Jesus had cast seven devils, was the first to whom He appeared after His glorious resurrection. She was forgiven much and therefore she loved much. The thief on the cross heard him say, 'Verily thou shalt be with me in paradise.'"

"But there are many who have been safely sheltered in the church for years, that have lifted the anchor and they are drifting. Some are perilously near the channel when the current will sweep them out to sea.

Left Home and Church
"How many have left the eastern home and the church where they so faithfully labored, and have come out west to drift. No church; no family prayer; no time for religious worship; no Sabbath."

Rev. Crist closed his sermon with a strong appeal that those who had been drifting turn their lives definitely toward Christ and the holy anastation of the church.

"Let us drop anchor," said he, "and again find the place of safety. If the word spoken by angels was steadfast and every transgression received a just recompense of reward, how shall we escape if we neglect so great salvation?"

IOWA REUNION

ANNUAL GATHERING WILL BE
HELD IN LINCOLN PARK,
LOS ANGELES, FEB. 22

Under the auspices of the Iowa Association of Southern California, Iowans will hold their annual picnic reunion all day Tuesday, February 22, in Lincoln park, Los Angeles. If rainy that date it goes over the following Saturday. Visiting Iowans, tourists and travelers will here find thousands of their old friends assembled.

A section of the park is laid out in miniature Iowa and headquarters opened for every county. There will be the significant souvenir badges. All are expected to bring basket dinners. The program follows the dinner hour and the college hour is 3 to 4 o'clock.

REMOVING TREES

ACTION IS TAKEN BY BOARD
OF CITY TRUSTEES UPON
RECOMMENDATION MADE

Removal of trees as suggested by T. W. Watson, city manager, has been authorized by the Board of City Trustees. Included in those to be removed is one in front of the city manager's property on Adams and Colorado street. In recommending the authorizations, the city manager reported as follows:

"In regard to requests for permits to remove trees, we respectfully submit the following:

"Henry Boeder of 344 North Maryland avenue requests permission to remove one pepper tree and three acacia trees from the parkway on Lexington Drive. There are eight parkway trees within a distance of 150 feet at this location. We would recommend that the application be granted.

Large Pepper Tree To Go

"J. Higgs of 1312 South San Fernando Road requests the removal of one large pepper tree from the parking in front of the above address. This is a very large tree and it stands directly in front of the entrance to this property. There are no other pepper trees on that side of the street for a distance of almost two blocks. The removal of this tree and its replacement with Monterey cypress would be in line with the tree-planting plan for that portion of San Fernando Road. We would therefore recommend that the application be granted.

"W. W. Sawyer requests permission to remove three gum trees located at 512 and 514 North San Fernando Road. We understand that there are only two gum trees in front of this property. The other gum tree is in front of adjacent property. We would recommend that the permit be granted to remove the two trees in front of Mr. Sawyer's property.

"There is a young pepper tree in the parkway on Adams street in front of my property at the northeast corner of Adams street and Colorado street. As there are two carob trees well started at proper locations in the parkway on Adams street in front of this property, I would respectfully request permission to remove this pepper tree."

POULTRY RAISING

MANY DESIRABLE TRACTS IN
GLENDAL SUITABLE FOR
CHICKEN RANCHES

While other communities in the San Fernando valley have advertised their advantages as centers for poultry raising, far and wide, and thereby gained some desirable recruits, Glendale, with no special effort, is securing some valuable additions to her population in this line of industry. There are many very desirable tracts of from one to five acres, particularly in the eastern part of the city and it is only a question of time when poultry ranches with flocks of as high as 5,000 hens will be very common in Glendale, and an industry established that will bring many thousands of dollars to the city.

New Fish Hatchery Will Be Constructed

VISALIA, Cal., Feb. 16—Construction on the new \$20,000 state fish hatchery at Hammond, on the Kaweah river above Three Rivers, with a capacity of 5,000,000 annually will be started this week, according to announcement made here.

LOOK OUT!

Mother—"Johnny, if you eat any more, you'll burst."
Johnny—"Well, pass the cake, mother, and get out of the way."

There Is No Deficit! Consider the Facts!

Governor Stephens and other speakers stumping California at your expense in favor of the iniquitous King excess tax bill have declared there existed a "deficit" in the state treasury.

State officials estimate our income for the next two years at.....\$67,000,000
Charge up against this the 1919-1921 budget which was \$47,000,000,
and add the \$18,000,000 voted by the people for the next two
years, for additional school-funds, for children, and for interest
on highway bonds and the total is\$65,000,000

We should have left in the treasury\$ 2,000,000

Two million dollars left, after paying every cent the people of California ever voted to pay!

Two million dollars left, after paying for every state expense at the extravagant rate we had to pay when costs were higher than they will be again for many years!

Two million dollars left, after re-appropriating in full for the vast burden of "unnecessary duplication and unnecessary waste" which Governor Stephens admits now exists in the state government!

Two million dollars left, after we Californians spend for our state government twice as much as the average citizen of other states!

Yet California's state officials call upon the people for \$15,000,000 above all amounts previously spent or now authorized!

After we have paid every dollar that we paid in 1919-1921 and after we have paid the \$18,000,000 we voted at the November election—after we have provided a surplus of \$2,000,000 for emergencies—Governor Stephens calls for \$15,000,000 more!

Write, phone or telegraph the legislators from YOUR district and demand that this impending tax burden be eliminated by defeating the King Bill! Demand of your legislators that the governor and his horde of state-office holders trim their expenses as YOU trim YOUR household and business budgets! Don't stand for this added expense!

Chicago Postoffice To Cost 4 Millions

CHICAGO—Plans have been completed for a new \$4,000,000 post-office building to handle parcel post exclusively. The new building, which is to be located in the heart of the railroad terminal district, will have underground loading platforms 800 feet long, capable of accommodating forty-two railway mail cars at a time. With three shifts a day 126 cars can be handled. The building will be six stories high, seventy-five feet wide and 600 feet long.

STILL GETTING RESULTS

"You used to trade horses."
"I'm tradin' flivvers now," said the rural wizard.

"Do you get the same excitement out of it?"

"Sure. I swapped flivvers with a feller only yesterday. When he tried to run the car I traded him you could a-heard him bellerin' from here to Squirrel Creek, an' that's twenty miles away."

Honor High Schools Plan Of Government

WASHINGTON — "Honor High Schools" are to be designated in the future by the war department as a means of stimulating interest among the junior units of the reserve officers' training corps.

Under orders issued here today by the war department, the commanding general of each corps area is instructed to report to the adjutant-general of the army the names of high schools in his district which are most advanced in military training and discipline. The names of the schools are to be submitted not later than June 1, in each year, and must not exceed 10 per cent of the total number of high schools in the respective areas.

In institutions which specialize in military training, the designation hereafter will be "Honor Military Schools."
